Barren Plans to Have Carriers
Call at Your Home.

WASHINGTON, June 19.—Extension of mail collection service by inaugurating a house to house collection of parcel post packages instead of forcing housewives or "hubbies" to carry them to a post station is planned by Postmaster-General Baughman to money hereafter if an experiment being tried out here is successful.

WILSON WILL AID
REBELS IF HUERTA
DOES NOT YIELD

(Continued from First Page.)

high official in Washington is firmly convinced that Huerta prefers to surrender Mexico City to the Americans rather than the rebels.

They believe that the announcement from Niagara Falls that mediation has collapsed will be the signal for an attack on Funston's men that will make reprisals absolutely necessary. The War Department through the General Staff has made all of its preparations along this line. But Bryan and the President expect the Constitutionalists to keep Huerta so busily engaged that he will need all of his troops in the North and will be unable to commit any overt act against the Americans at Vera Cruz.

GEN. VILLA'S ARMY
MOVES TO THE FRONT;
CARRANZA YIELDS.

EL PASO, Tex., June 19.—With mediation nearing the rocks at Niagara Falls, Villa is in full control of the situation in Northern Mexico. Carranza, fearing exile by the most powerful General in the Constitutional army, has backed down and given his rival full swing.

Villa leaves Torreon today for the front above Zacatecas. Thus begins the peculiar arrangement between him and Carranza, which will allow Villa full command of the zone in which he dominates and of any further territory which he can take to the south. No announcement has been made concerning the status of Gen. Natera, appointed by Gen. Carranza as head of the central zone, which Villa by his insistence has taken over.

The general plan of the campaign now is along the lines drawn up before Carranza attempted to put Natera in command of the new zone. Villa, who has taken Juarez, Ojinaga, Chihuahua City, Gomez Palacio, Torreon and San Pedro in northern Mexico—all within the last few months—will now have a clear road to the national capital so far as Carranza is concerned.

VILLA WILL CONTROL ALL TERRITORY HE CAPTURES.

Villa's zone roughly will include Chihuahua and western Coahuila which his troops already have taken, and any territory directly south which he can capture. Gen. Pablo Gonzalez, commander of the eastern division, will proceed south as best he may along the east coast, investing points to the south of Tam-

EIGHT MORE MARINES
PRAISED BY DANIELS

Six Privates, a Corporal and a Sergeant Rescued Comrades Under Fire.

WASHINGTON, June 19.—Six privates, one corporal and a sergeant in the Marine Corps were today commended by Secretary Daniels for gallantry displayed in removing two of their wounded comrades to a place of safety while Vera Cruz was under fire. The men are Sergeant Tracy Baker, Corporal William S. White and Privates Wallace L. Harndivous, Carl F. Fullerton, Hiram W. Yant, William H. Briggs, John L. Strattenberger and Edward H. Barton.

Private Haggerty, one of those killed in the occupation of Vera Cruz, and Edward A. Gishburne, a third class electrician of the battleship Florida, were the two men rescued. With Haggerty mortally wounded, Gishburne, himself wounded, attempted to carry him out of the range of fire. His efforts were without success, and the men who were today commended proceeded under fire and removed both wounded men. Afterward they returned to their positions, which they held until ordered away.

A medal of honor has already been awarded Electrician Gishburne for valor shown in trying to help Haggerty. Besides commending the six privates and Corporal White and Sergeant Baker, Secretary Daniels has directed that they be advanced to the next higher rating.

HALT IN MEDIATION
WHILE NAON CONSULTS
WASHINGTON OFFICIALS.

NIAGARA FALLS, Ont., June 19.—Word was received today from Minister Naon of Argentina that he would not return until tomorrow. The conference that was to have been held today was therefore postponed until tomorrow.

The American and Huerta delegates held firmly today to the opposite views expressed by them in public statements explaining the type of man desired by each side for Provisional President of Mexico. Having gone on record before the world, the prospect is that neither side will give way and that the deadlock will result in a complete breakdown of mediation.

The American delegates still have some names to submit, but the Huerta delegates have opposed energetically all persons suggested thus far, and there is little likelihood that any name emanating from the American delegates will be considered seriously. The mediators, as a last resort, will submit a list of five names.

Apoplexy Kills Autoist.
UNIONTOWN, Pa., June 19.—Apoplexy induced by excitement over one of the brushes in an automobile climbing contest was the cause given by physicians today for the death of Dr. Joseph Van Kirk, forty-four years old. Besides Van Kirk the race claimed another victim, J. E. Shafer of Pittsburgh, killed when his car crashed into a rock on a dangerous turn. Six others were injured in minor accidents.

Don't Hide Them With a Veil;
Remove Them With the
Othine Prescription.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by any druggist under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

Ladies' and Gentlemen's Sizes
The retail jewelry business is falling off yearly, as the public will not buy diamonds at the exorbitant price charged by them today. Diamonds are increasing in value, and no doubt will as time rolls on. Yet, one waits, the best value for their money even when buying diamonds. Our buying diamonds direct from the diamond cutting mills of Europe saves you at least 40 per cent, and in many instances more, and you can prove it. We will explain the difference in color, quality and cutting.
